At the applicant's option, transportation impact fees for new single family residential construction may be deferred as provided in MMC 3.107.065.

Section 2. MMC 3.107.065 - New. A new Section 3.107.065 is hereby added to the Mukilteo Municipal Code to read as follows:

3.107.065 Option for deferred payment of transportation impact fees.

A. Application.

1. An applicant may request, at any time prior to building permit issuance, and consistent with the requirements of this chapter, to defer to final inspection the payment of any impact fee for a single family dwelling unit.

2. The applicant shall submit to the city a written request to defer the payment of an impact fee for a specifically identified building permit. The applicant's request shall identify, as applicable, the applicant's corporate identity and contractor registration number, the full names of all legal owners of the property upon which the development activity allowed by the building permit is to occur, the legal description of the property upon which the development activity allowed by the building permit is to occur, the tax parcel identification number of the property upon which the development activity allowed by the building permit is to occur, and the address of the property upon which the development activity allowed by the building permit is to occur. All applications shall be accompanied by an administrative fee as provided for in the city's fee resolution.

B. Determination of impact fee. The impact fee amount due under any request to defer payment of impact fees shall be based on the schedule in effect at the time the applicant provides the city with the information required in subsection A of this section.

C. Lien; recording. Prior to the issuance of a building permit that is the subject of a request for a deferred payment of impact fee, all applicants and/or legal owners of the property upon which the development activity allowed by the building permit is to occur must sign a deferred impact fee payment lien in a form acceptable to the city attorney. The lien shall be recorded against the property subject to the building permit and be granted in favor of the city in the amount of the deferred impact fee. 2. Upon receipt of full payment of the deferred impact fee as identified in the deferred impact fee lien, the city shall execute a release of lien for the property. The property owner may, at his or her own expense, record the lien release.

E. Limitations.

1. In no case shall payment of the impact fee be deferred for a period of more than 18 months from the date of building permit issuance.
2. An applicant is entitled to defer impact fees pursuant to this section for no more than 20 single-family dwelling unit building permits per year in the city. For purposes of this section, an “applicant” includes an entity that controls the applicant, is controlled by the applicant, or is under common control with the applicant.

F. Enforcement.
