

11930 Cyrus Way, Mukilteo Washington 98275

City Council Infrastructure Committee
Committee Meeting No. 2016-3
Building Mukilteo's Future

March 9, 2016
6:00 – 8:00 p.m.

Meeting Notes

Attendance:

City Councilmembers: Randy Lord (Chair),
Management Services Director: Chris Phillips
Public Works Director: Rob McGaughey
Assistant City Engineer: Andrea Swisstack

Meeting Objective:

1.) 2018 – 2020 STP and CMAQ Grants (Federal)

Grant applications for three projects were discussed:

1. Harbour Pointe Blvd. Widening – This grant will partially fund the construction phase of the project, the balance of the construction phase will be funded by a TIB grant and the City's REET II fund.
2. 88th Street SW and Chennault Beach Road Pavement Preservation – This grant will fund engineering and construction phases of this project.
3. SR 526 Shared Use Path – This grant request will fund the right-of-way acquisition phase of this project.

2.) Quarterly Update of Capital Projects

Andrea Swisstack reviewed that status of funded capital projects. A summary of the capital projects will be presented in an FYI memo in April.

3.) Pavement Preservation Overview

We reviewed the Pavement Preservation presentation materials for the Council work secession schedule for March 14, 2016.

Next Meeting: Infrastructure Committee, April 12th at 6:00 pm in the Executive Conference Room at City Hall.

“Develop policy recommendations for a sustainable transportation system”
