

Dear Valued Business Owner:

The City of Mukilteo and the Mukilteo Chamber of Commerce are pleased to announce the continued partnership with CGI Communications, Inc. to update the series of professionally produced online videos called "Video Tour of Mukilteo" highlighting everything that makes our community a wonderful place to live, work and play.

Mukilteo's video series will again feature chapters including Welcome, History & Quality of Life, Education, Real Estate & Relocation, Parks & Recreation, and Community Organizations. CGI will film in locations throughout the community, ensuring that the audience gets an "authentic" view of our beautiful city.

In addition to these videos being available on the City website, the Welcome video will be available on a national host platform of www.elocallink.tv, allowing viewers outside our area to get a real taste of what Mukilteo has to offer and drive more business and tourism to the area.

While these new videos are in production, the CGI staff will reach out to business owners to encourage sponsorship opportunities for new video content connecting with ours. The goal of CGI is to provide Mukilteo with the latest in digital marketing technology as an economic development tool.

The Chamber and the City are committed to highlighting the advantages of living and working in Mukilteo. These advantages include access to our wonderful business community and we feel that this video program will be a successful tool to share that. We encourage you to consider participating in this program as it provides an exciting opportunity to create new, engaging content to drive viewers to your website and social media pages.

To learn more about sponsorship opportunities or to request an appointment, please contact Jim Loftus at jiml@cgicomcommunications.com.

Sincerely,

Jennifer Gregerson
Mayor

Julie Martin
Chamber President/CEO
