Good Morning Jon,

I received your voicemail from last week. Attached are the latest submitted documents for your reference. Please see page 9 for information on the grading plan including grading quantities. Below is a screenshot from that page.

Additionally, I have attached the appeal application. The requirements for submittal are listed on the form. Our current fee schedule lists the appeal fee as \$1,000. You can find the code for [SEPA appeals here](#).

Keep in mind that our code requires a consolidation of hearings; the SEPA appeal will be heard at the same time as the Public Hearing before the Hearing Examiner on the underlying project. You can return this form, the supplemental information and the fee to our permit center, cc'd on this email. The deadline for submitting an appeal, documentation and fee is Wednesday, September 27, 2023 (4:30 PM).

Please let me know if you have any additional questions.

Sincerely,

Sarah Kress C.P.T. | Associate Planner

Subject: Harbor Grove DNS

[WARNING: THIS MESSAGE HAS COME FROM A SENDER OUTSIDE THE CITY OF MUKILTEO NETWORK,]

Hello Sarah Kress,

According to all documents submitted by Proponent/Harbor Grove SubDiv, what is the total cubic yards of materials (earth, gravel, sand, back-fills) that will be brought to the site, and removed from site?

Since you have signed-off on the DNS, I assume you know these numbers and can quickly supply them to me.

If not, please direct me to submitted documents so I can give it a go.

Also, as per your DNS letter, what exactly is the total grading quantity? There are lots of numbers larger than 1,000. I.e. 2,000, 4,000, 10,000 and so on. Please clarify with a more exact number.

You will receive a comment from me before the comment deadline on 9/13/23.

Last, please send me a link to the Appeal Form.

Kind regards,

Jon Boyce
