Hi Sarah,

Thank you for your quick reply about the appeal forms and fee.

WOW - new documents and we are just hearing about it two days before the deadline to comment on the DNS!!!! I request an extension of two weeks to submit comments (i.e. extend deadline to Sept. 27th). How can the city make a DNS determination when new documents were just submitted by the applicant and the public have not

been notified of these new documents until just now?

Please post these documents online immediately. I cannot come to City Hall to view these submittals before the Wed. Sept 13th deadline. Please let me know by COB today, about my request for the deadline extension.

Sincerely,

Hi Sylvia,

I've attached the appeal form to this email. The requirements for submittal are listed on the form. Our current fee schedule lists the appeal fee as \$1,000. You can find the code for [SEPA appeals here](#).

Keep in mind that our code requires a consolidation of hearings; the SEPA appeal will be heard at the same time as the Public Hearing before the Hearing Examiner on the underlying project. We just received a resubmittal for the project last Friday. I have requested a paper copy of the items in anticipation of you wanting to view it at City Hall. Would you like me to let you know when it is here?

You can return this form, the supplemental information and the fee to our permit center, cc'd on this email. The deadline for submitting an appeal, documentation and fee is Wednesday, September 27, 2023 (4:30 PM).

Please let me know if you have any additional questions.

Hello Sarah and Joseph,

Could you please send me (via email) a copy of the appeal form and the amount of the
