

2025 Heart of Mukilteo Parade

Theme: Community – The Heart of Mukilteo, celebrating the generosity and compassion of our wonderful community!

The Heart of Mukilteo Parade continues the legacy of the Lighthouse Festival parade of years past celebrating all things Mukilteo, the people, history, and the stories we love to tell. The 2025 theme “Community - The Heart of Mukilteo” recognizes the importance of our outstanding, engaged non-profits, businesses, and volunteers with huge giving hearts that fuel our community spirit. It’s what makes Mukilteo such a special place to live!

Parade entries: Required to be entertaining, creative, and exciting. Participate with a float, push float, band, colorful costumes, uniformed attire, drill, dance team or comical routines, antique or unique vehicles and MORE!

Think outside the box! All parade entries will be selected based on how well they theme their presentations around the parade theme of: “Community: The Heart of Mukilteo”

Some ideas to get you thinking:

- Non-Profit Organizations – Portraying a legacy of community engagement and volunteerism.
- Examples of making a difference in the community
- Celebrating your nonprofit, community group, etc.
- Businesses share their stories of community support.
- Anything that shares stories of making a difference.

- All equestrian entries must be accompanied by a minimum of two adult trainers who are walking.
- Other animals, such as dogs, must be well-behaved, must be leashed or otherwise restrained, and must not engage with spectators along the parade route.

SPECIAL RULES APPLICABLE TO PARADE FLOATS: GENERAL FLOAT REQUIREMENTS:

- See “VEHICLES” section above for specific vehicle requirements and for float driver requirements. In addition, drivers must be adequately trained to drive their float.
- Parade entries must provide a rendering or description of their float design during the application process.
- Parade floats are encouraged to be festive.
- A float entry may participate in the parade as part of engaging in the community/region they do live and/or do business in.
- Floats cannot exceed 50 feet in length (including the tow vehicles), 13 feet in height and 10 feet wide. (Some exceptions apply with advanced approval. If you have questions or want to request an exemption, please contact the City of Mukilteo parade contact.)
- Stabilized props on a float are not to exceed 13 feet in height (from the ground) or 10’ width. Objects may exceed these requirements only if they can be controlled to allow proper maneuvering regarding traffic lights, telephone wires, rail wires, corners and spectators.
- Floats, including tow units, must not exceed 50 feet in length. The float must be designed to maneuver the several corners along the parade route without delaying the forward motion of the parade or causing potential hazards.

- Floats must be a minimum of 12 inches ground clearance from the frame. Nothing can drag on the roadway from the float. Proper clearance of materials from around the wheels of the vehicles must be incorporated to avoid any materials being caught in them.
- Compressed gases (such as helium) and generators shall be properly secured and safeguarded.
- The float vehicle must be properly serviced for gasoline, water, oil, brakes, tires and battery prior to entering the parade. NO extra gasoline, other than in the vehicle's tank, can be carried on the float vehicle.
- Decorative lighting must be UL approved and rated for outdoor use.
- All floats may be subject to inspection by Fire Department and Parade Personnel on parade day before the start of the parade.
- Each float should have one passenger in the cab whose duty is to monitor activity on the float so that the driver is not distracted from operating the vehicle.
- Once the float is positioned in the staging area, a driver and representative must always attend the float.
- The use of cell phones is prohibited while driving the vehicle on the parade route.
- Exceptions to float size and scope are at the sole discretion of the organizers and must be pre-approved in advance of participation.

ELECTRICAL WIRING:

- An electrician is highly recommended to perform electrical wiring on your float.
- Electrical wires and devices must be of sufficient gauge for the use intended. Wiring must be properly secured to the float to avoid mechanical damage and injury to float riders.

PORTABLE GENERATORS:

- Portable generators used on the float must be securely mounted on the vehicle or other substantial base. A minimum of 12 inches clearance must separate any part of the generator from decorative materials.
- Generator exhaust must be such that it does not pose a hazard to participants.
- Generators must be equipped with firmly attached metal exhaust lines, installed so to terminate either at a common exhaust point serving both vehicle and generator or to the exterior of the float in the same manner as the vehicle exhaust.

FLOAT RIDERS:

- All passengers standing or sitting on the float **MUST** be wearing a safety belt or have handholds or other support while the float is moving.
- No children under the age of 13 will be allowed to ride on a float without adult supervision.
- Absolutely no riders will be allowed to ride on the edge of the float. Any float with riders or articles hanging over the edge of the float any time, before or during, the parade will be subject to removal from the line of march.
- Riders must remain on the float once the parade begins.
- No one is allowed to ride the float as it is being transported to and from the parade site. Exceptions to this are upon moving from the staging area to embark onto the parade route.

FLOAT SIGNS

- Signs on the float must be for identification purposes only.
- Float signage: Your sign may state the title of the float. One sign attached to each side of the float, or one sign attached to the front of the float is permitted. Float signs should be in proper dimension to the float and not oversized. The City Staff recommends all attached signage not to exceed 2' by 10'.
