Schedule A
BEACH WATCHERS PROGRAM & TRAINING SERVICES
2017

WSU Snohomish County Extension Beach Watcher Overview:

WSU Beach Watchers are university-caliber trained volunteers committed to the protection of Puget Sound watersheds through education, research and personal stewardship. Washington State University Snohomish County Extension provides staff support and all necessary training to ensure that Beach Watcher activities are based on science, available to the general public and fill existing needs.

Recreation and Cultural Services Department Scope of Work

Beach Watchers and staff will:

1. Offer training opportunities for County-based volunteers: Beach Watchers and Beach Naturalists. Each training session will be designed for people interested in learning about the marine environment and sharing that knowledge with park users and neighbors. Staff will recruit from these trained volunteer for working at Mukilteo Lighthouse Park with the intention of each new person being mentored by existing Beach Watchers. Beach Watchers will organize on-going enrichment opportunities to further and deepen the learning of all volunteers.
2. Provide docent assistance to at least 10 groups of school children who are visiting Mukilteo Lighthouse Park during exceptional low-tides in Spring / Summer 2017. We will work in partnerships with the City of Mukilteo Recreation and Cultural Services Division to advertise the availability of WSU Beach Watcher assisted field trips as well as notifying teachers and educators from previous years through email notices.
3. WSU Beach Watchers will be at Mukilteo Lighthouse Park for at least two hours on nine different days during summer month low tides. WSU Beach Watchers will interact with the public utilizing either a touch tank or roving the beach. These events will be advertised through various avenues. WSU Beach Watchers will provide the list of dates to the Mukilteo Recreation and Cultural Services Division by March 31, 2017.
4. Mukilteo Lighthouse Park has several large kiosks. WSU Beach Watchers will refresh information throughout the year, and bi-monthly during the busy summer season. Materials will be educational in nature and graphically pleasing.

Note: The City of Mukilteo will allow WSU to provide parking passes for volunteers on their volunteer or training days, that will be accepted by Parking Enforcement.

Public Works – Engineering Department Scope of Work (Stormwater Awareness)

WSU Extension Beach Watchers and staff will implement a targeted stormwater pollution involvement and education program, targeting local Mukilteo residents. WSU Extension will reach out to local organizations and homeowners associations to involve them in a community event or self-directed plaque placement efforts; register interest for an “Adopt a Drain” program that City of Mukilteo staff will organize; and / or adopt specific household practices to help keep our waters clean. The primary focus group will be homeowners associations, with other local groups as a secondary priority. Information provided by City of Mukilteo staff will be incorporated into all decisions.

WSU Extension Beach Watchers and staff will:

- a. Develop presentation / newsletter materials for 2017 outreach efforts by 3/31/2017.
- b. Invite Homeowner Association / Local Community Groups solicitation for presentations at HOA meetings, through social media posts or newsletter announcements by April 30, 2017. Goal is to have four groups participate.
- c. Provide outreach materials and opportunities for participation with at least four selected groups by July 2017.
- d. Organize stormwater awareness activities to take place in target neighborhoods. Promote opportunities to place storm drains markers during outreach with local groups, at one public event, and through self-directed groups efforts.
- e. Provide contact list to City of people interested in becoming an “Adopt a Drain” volunteer.
- f. Coordinate the handling of loaner storm drain plaque placement kits and tracking of plaque placement statistics and areas, from June 1 – October 10, 2017.
- g. Hold one (1) volunteer-based drain marking event, to include sharing of outreach materials on clean water and stormwater awareness during Summer 2017. Provide date of event to City at least 6 weeks prior to the event.
- h. Properly install at least 200 storm drain plaques in the City of Mukilteo by October 10, 2017.
- i. Provide program evaluation and recommendations on program framework to continue into the future by December 1, 2017.

The City of Mukilteo will provide these items in support of the project:

- a. List of Homeowner’s Associations within the City.
- b. Maps of potential locations for storm marker application.
- c. Printing of all needed outreach and educational materials.
- d. Drain marking kit materials and instructions.
