

EXHIBIT O
DETERMINATION OF NON-SIGNIFICANCE

WAC 197-11-970 Determination of Nonsignificance (DNS).

DETERMINATION OF NONSIGNIFICANCE

Description of proposal:

The proposed project will replace the existing Lift Station 10 with a new 1,500 square foot lift station capable of conveying the projected buildout peak flow at a site outside of the Mukilteo Speedway (WSDOT SR 525). The existing station is a critical facility that serves approximately 838 acres in north Mukilteo, including Historic Downtown. The existing mechanical and electrical equipment has exceeded its useful life and is in need of replacement. Locating the new station outside of the existing ROW will provide better security and safety for District employees conducting maintenance by providing a method for safe vehicle ingress and egress and providing a fenced site and enclosed building to house the equipment.

Proponent: Mukilteo Water & Wastewater District

Location of proposal, including
street address, if any:

1009 Mukilteo Speedway, Mukilteo, WA 98275

Lead Agency: Mukilteo Water & Wastewater District

The lead agency for this proposal has determined that it does not have a probable significant adverse impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21C.030 (2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.

☐ There is no comment period for this DNS.

☐ This DNS is issued after using the optional DNS process in WAC 197-11-355. There is no further comment period on the DNS.

☒ This DNS is issued under WAC 197-11-340(2); the lead agency will not act on this proposal for 14 days from the date below.
