[WARNING: THIS MESSAGE HAS COME FROM A SENDER OUTSIDE THE CITY OF MUKILTEO NETWORK,]

Linda,

Yesterday I walked through this property and dug two soil pits in potential wetland areas. However, I did not observe any wetlands on the property. I concur with the Wetland Resources letter.

Doug Gresham, Wetland Specialist
Washington State Department of Ecology
PO Box 330316

THIS EMAIL ORIGINATED FROM OUTSIDE THE WASHINGTON STATE EMAIL SYSTEM - Take caution not to open attachments or links unless you know the sender AND were expecting the attachment or the link

Doug,

I would like to schedule a site visit with you on some property that is proposing a development of 7 lots. The critical area assessment states there are no wetlands on the property, however a document done in 2014 shows a wetland on the property but I have not been able to locate the report. If Ecology could walk the site and verify if the assessment is correct. I am out of the office beginning Friday, December 17th and returning on January 5th. Please let me know if you are available to visit the site. I have attached the document for your review.

Note: Mukilteo City Hall is currently open Monday through Thursday from 7:30 AM-5:00 PM. The building is closed for lunch from 12-1 PM and closed to the public on Fridays. City staff is also available to assist you remotely during regular business hours. Please call 425-263-8000 if you need assistance.

Sincerely,

Linda Ritter
