FILE NO.: PPR-2020-002

PROPONENT: City of Mukilteo

PROJECT NAME: City of Mukilteo Decant Facility

**PROJECT DESCRIPTION:** Construct a new 5,560 square feet decant station and solids storage area in the public works yard. The proposal includes the construction of a roofing system over these areas to prevent stormwater runoff from the Public Works Shop site from becoming contaminated before it enters the stormwater collection system on site. The project also proposes to construct a new decant settling vault which will be sized to store one day's worth of material cleaned from the City catch basins and sediment ponds. An environmental review is necessary due to grading quantities being more than 1,000 cubic yards.
