Guest Speaker: Randy Lord Project Management

- What is Project Management?
 - Communicating effectively within a team
 - Establishing a common goal within the team
 - Having a start and end date
 - Meeting the requirements of the project
 - Appropriately scoping the project early and explaining this to the team
 - Understanding the stakeholders for a project
- What do project managers **DO**?
 - Effectively lead a team
 - Delegate tasks
- What should project managers **NOT** do?
 - Discourage others
 - Do the tasks they delegated to others
- Requirements → Plan → Implement → Result and its impacts on customers
- Be aware of red flags; use happy words instead!!
