What Will We Do?

Place reminder markers near storm drains. You will be given a storm drain marking kit with everything you need to install “No Dumping / Drains to Sound” drain markers. A WSU Beach Watcher will give instruction on how to place markers properly and safely.

You will then drive or walk to a designated area to install markers. Kits are returned same-day at the Meet-Up location.

IMPORTANT: Rain cancels the events!

RSVP Required Individuals and groups are welcome, but space is limited. Let us know how many people you are registering. Email or call to secure a spot.
