Fire Fighter Mewbourn

Meeting Summary

Meeting Objective: Advancing the cause of Public Safety in the Community.

1. CM Champion provided a WCIA notice on signage for Unmanned Aircraft Systems. Committee discussed signage worded in a positive manner (what the operator should do) to be posted along the waterfront.
2. Mayor Gregerson provided a summary from Policy Analyst Liias on idling vehicles. Committee discussed an ordinance and the enforcement issues (staffing, logistics, areas of enforcement, cost of signage and enforcement). The Committee also discussed alternatives to an ordinance, including education/communication campaign and signage in affected areas.
3. CM Champion asked for a discussion on priorities for the budget near the end of the meeting. Staffing concepts were discussed as well as a long-range plan for vehicles, capital equipment and facilities (PW Superintendent Nienhuis is currently developing this plan).
4. Fire monthly report given to Committee. The meeting ended due to time constrictions prior to a Police report.
