Meeting Summary

Meeting Objective: Advancing the cause of Public Safety in the Community.

1. Chief Kang provided information on hiring and staffing. He requested support from the Committee to over-hire for a patrol position, given the history of vacancies and a known deployment for 2018. The Committee was supportive of this action.
2. Chief Kang also provided an update on the Passport parking program.
3. Chief Alexander provided a report on fire department and emergency management items. CM Wheeler suggested that the City explore hiring a mechanic to handle the FD/PD/PW vehicle repair and maintenance needs.
4. Committee members received an orientation to the Emergency Operations Center (EOC) at City Hall and discussed various emergency management topics.
